

General Ceramic Essays

Mr. Page
Vista Murrieta High School
Ceramics

The essay topics below are intended for students to better understand the world of clay. The essay is to introduce the student to various cultures, careers, and contributions of various artists. The essay chosen from the selection below is to be at least two pages-long with appropriate pictures and a bibliography (not included

in the two page essay). Appropriate pictures pertain to the content of the pictures, their size, and the number of pictures for the essay. The word document is to be in MLA format.

The ingredients of clay and their origins

Write about a civilizations' clay artwork
